The Class of 1992
Dedicates
THE REED
to
Mrs. Howell &
Mr. Rosberg
Class of 1992 Parents &
Friends

Mrs. Howell has served Marshwood High School students and staff as school nurse for six years. During that time she has ministered to the physical, mental and emotional needs of countless students. Discrete and professional in her vocation as a nurse, she has been equally effective as a counselor. Cheerful, bright, and concerned about the total well being of all the Marshwood community, her commitment, support, and friendship has improved our quality of life. We truly appreciate her efforts and friendship.

Mr. Rosberg served as principal for the first three years of our high school career. In that time as an educational leader he supported programs and curriculum that improved the overall quality of education at Marshwood High. Moreover, his willingness to commit time and support to numerous student activities from sports to proms make him a visible and engaged leader. The tone of a school depends greatly upon the administration, and that Marshwood is generally a friendly, vital, and positive setting for learning and enjoying activities is a credit to Mr. Rosberg and his genuine personal concern and enjoyment of students.

FRESHMEN

The bear cub that played in the forest, wandered into the responsibilities of life, to take on new challenges and maybe be beaten, and to realize his own destiny, his path, and his course to flight. The first few months he struggled but learned how to get by. He stumbled upon emotions that developed inside. His first was finally received by a second year. He wandered around aimlessly to take on another year . . .

Take time to work —
it is the price of success.
Take time to think —
it is the source of power.
Take time to play —
it is the secret of youth.
Take time to read —
it is the foundation
of knowledge.
Take time to help
and enjoy friends —
it is the source
of happiness.
